Effortless and Secure Giving with Prism's Innovative Unmanned Kiosk Solution

Transform the way you support your favorite causes with Prism's cutting-edge unmanned kiosk solution. Designed for simplicity and convenience, our kiosk enables you to make in-person donations with ease using our secure debit and credit card terminal. The process is made even more straightforward with preselected donation amounts, ensuring that your giving experience is not only smooth but also entirely hassle-free. Whether you're a regular donor or making a one-time contribution, Prism's kiosk streamlines the process, allowing you give back with just a few quick taps.

Unlock the Potential of Digital Signage in Enhancing Donation Kiosks

Harness the full potential of your kiosk by displaying exactly the collections you want to highlight. Whether it's seasonal favorites, best-sellers, or curated selections, you have the flexibility to choose and present the collections that resonate most with your customers. Empower them with an intuitive browsing and search experience, making it effortless to explore and discover the perfect products directly on the kiosk. This seamless interaction enhances their shopping journey, driving engagement and boosting sales in your retail space.

Email and Receipt Template

Upon completing their contribution at the kiosk, donors will instantly receive a personalized email that includes a heartfelt thank you message and a detailed gift receipt. This email is crafted using a fully customizable template, allowing you to tailor the message to reflect your organization's unique voice and branding. With this feature, each donor receives a professional and personalized acknowledgment of their generosity, enhancing their overall giving experience and fostering a deeper connection with your cause.

Cutting-Edge Hardware with Comprehensive Features

Our kiosk is equipped with cutting-edge hardware designed to meet all your operational needs. Featuring the latest in capacitive touch technology, this kiosk ensures smooth and responsive interaction. The high-speed scanner quickly processes transactions, while the front-loading printer delivers receipts efficiently. A built-in camera enhances functionality, making it ideal for a variety of uses. Versatile installation options allow you to choose between wall-mounted or free-standing setups, with a sturdy base equipped with castors for easy mobility. Additionally, the kiosk includes a universal credit and debit card holder, making it a complete solution for any environment.

Streamline Your Fundraising with Custom Funds, Projects, and Appeals

Effortlessly manage your fundraising efforts with Eflyn's intuitive Touch-and-Select feature, designed to support multiple funds, projects, and appeals. This advanced functionality enables donors to instantly choose from a variety of custom funds and campaigns, making their contributions more targeted and meaningful. By offering a tailored selection of appeals, you can craft a compelling fundraising strategy that resonates with your audience and maximizes impact. With Eflyn's customizable options, your organization can efficiently manage and promote multiple initiatives, ensuring that every contribution supports the causes that matter most.

Bridge the Gratification Gap with Scientifically-Designed User Interfaces

Enhance the joy of giving with our scientifically-proven user interface design, crafted to deliver the most satisfying donation experience possible. By focusing on intuitive navigation and engaging visual elements, our interface is designed to maximize donor satisfaction and create an immediate sense of fulfillment. This thoughtful design approach helps bridge the gratification gap, ensuring that each interaction feels rewarding and positive. Whether it's through seamless transaction flows or visually appealing prompts, our kiosk provides the happiest and most gratifying giving experience for every donor.

Metrics and Reporting Dashboard

Take control of your donation data with our sophisticated Metrics and Reporting Dashboard, designed to provide in-depth insights and easy management of all your transactions. This powerful tool allows you to search, filter, and sort through your entire reporting database, giving you the flexibility to analyze trends, monitor performance, and track individual contributions with ease. Whether you're looking to generate detailed reports or simply manage daily operations, our dashboard offers a comprehensive solution that puts all your data at your fingertips, empowering you to make informed decisions and optimize your fundraising efforts.

Digital Signage and Video Ads

Elevate your advertising strategy with the powerful capabilities of our premier digital signage module. Effortlessly design and deploy captivating ads, eye-catching banners, attention-grabbing posters, and immersive video advertisements. Harness the full potential of digital media to engage your audience, enhance brand visibility, and deliver your message with striking clarity and impact. Whether you're promoting products, services, or special events, our cutting-edge digital signage solution ensures that your content stands out and leaves a lasting impression.

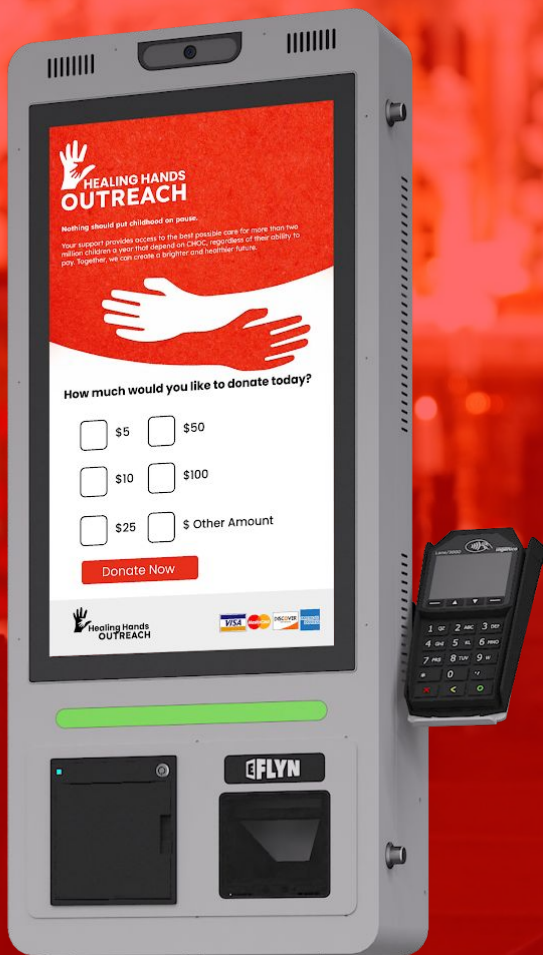

Seamless Full Self-Checkout Experience

Revolutionize your retail environment with our comprehensive in-person payment solution, designed to streamline transactions for both Debit and Credit cards. Empower your customers with a hassle-free, fully automated self-checkout process that enhances their shopping experience. Whether it's speeding up the checkout lines or offering a convenient alternative to traditional payment methods, our solution ensures secure, efficient, and user-friendly transactions every time.

The Ultimate All-in-One Solution: Integrated Unmanned Self-Checkout Kiosk

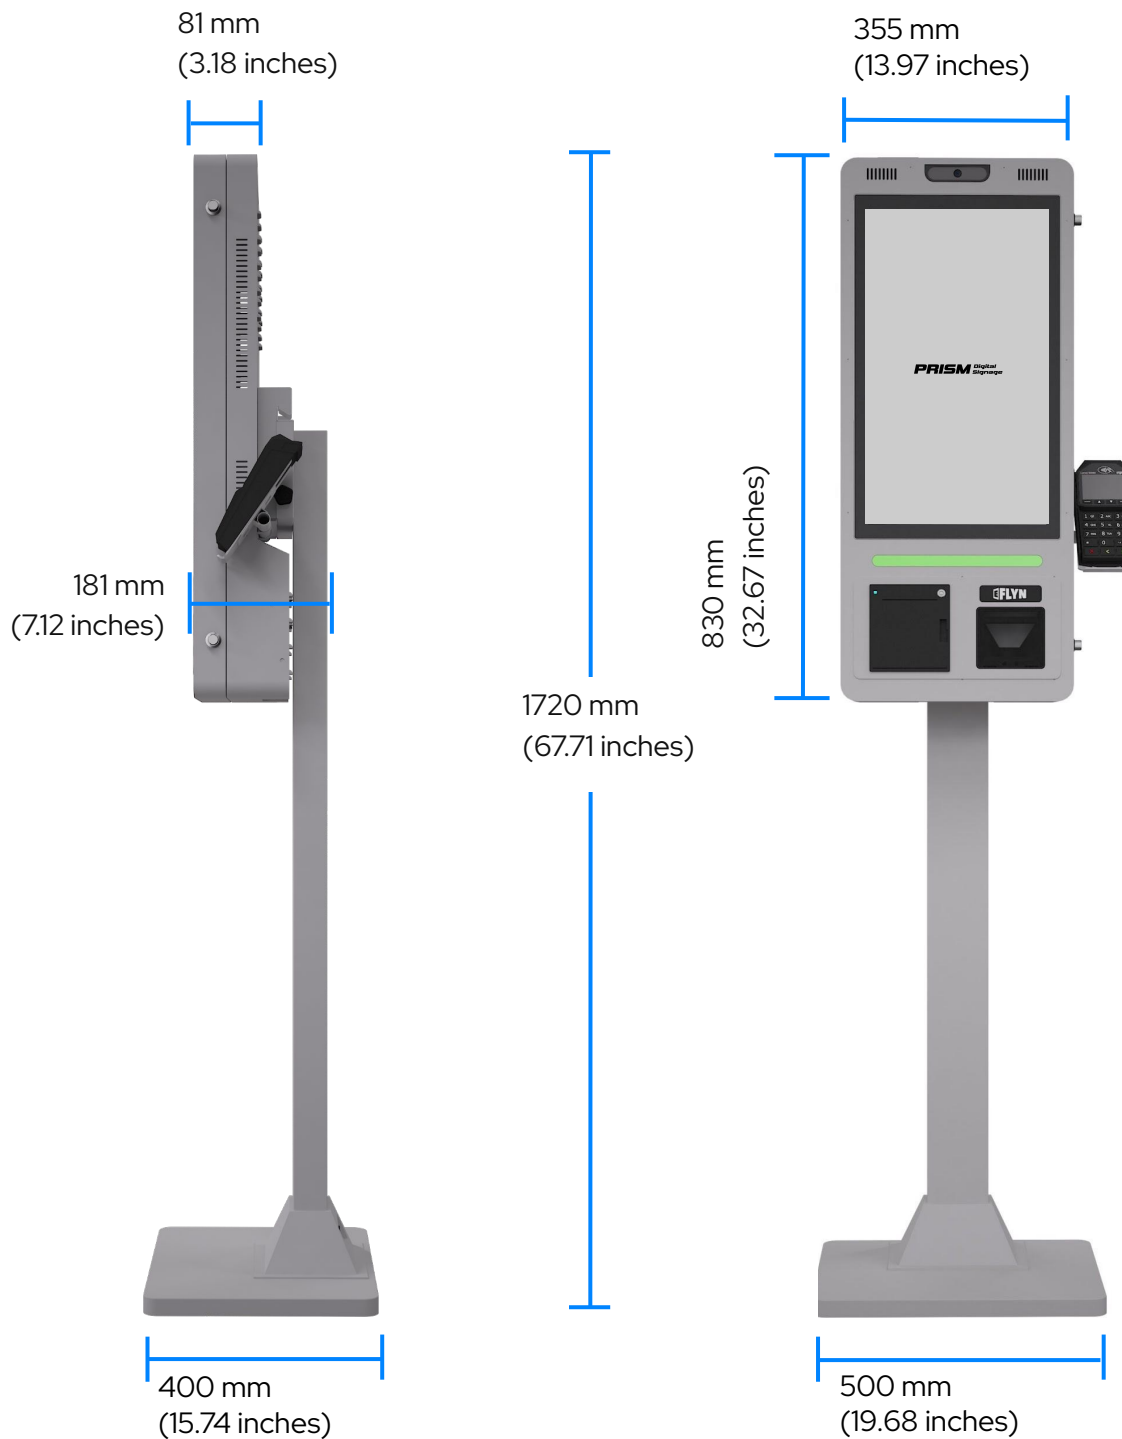

Discover the convenience of our fully integrated, all-in-one unmanned self-checkout giving kiosk solution. This comprehensive system combines cutting-edge hardware, advanced software, and dedicated support to provide a seamless donation experience. Our solution includes everything you need to set up and operate efficiently— from robust, user-friendly hardware designed for durability and performance, to sophisticated software that streamlines transactions and enhances donor engagement. With our reliable support services, you can ensure smooth operations and address any issues promptly. Experience the ultimate in convenience and efficiency with our all-in-one kiosk solution, designed to meet all your giving and self-checkout needs in one cohesive package.
